

## SOY PROTEIN CONCENTRATE FEED GRADE

### PRODUCT FEATURES

- This product was obtained by grinding soybean meal, which is later extracted, washed and dried to produce the protein concentrate.
- Source of quality vegetal protein which allows proper digestibility.
- This product offers a wide range of application possibilities when it comes to formulating balanced feed.

### PHYSICAL SPECIFICATIONS

**Appearance:** granular powder without foreign materials

**Color:** light brown

**Smell:** soft, characteristic of soy, hardly perceptible in dry powder

**Humidity:** <7.5%w/w

**Particle size:** <840 µm

### INFORMACIÓN NUTRICIONAL

Parameter	Tolerance Value	Units
Proteins	>65	% Dry Basis (DB)
Fats	<2	% DB
Fiber	<7	% DB
ADF	6 – 9	% DB
NDF	15 – 20	% DB
Alkali-soluble proteins	75 – 85	% with regard to protein content
Urease activity	0.10	One pH
Ashes	<5	% DB
Calcium	<0.5	% DB
Phosphorus	<1.0	% DB
Magnesium	<0.5	% DB
Sodium	<0.5	% DB
Aflatoxins (B1, B2, G1, G2)	<20	Ppb
Salmonella	Lack	/25g
Digestibility	>80%	
Metabolizable energy for cattle	2.8 – 3.2	Mcal/kg
Metabolizable energy for pigs	3.6 – 4.0	Mcal/kg
Metabolizable energy for birds	2.8 – 3.2	Mcal/kg
Alanine	4.5 – 6.5	% total aminoacid/protein
Arginine	5.0 – 7.0	% total aminoacid/protein
Asparagine + Aspartic Acid	11.0 – 14.0	% total aminoacid/protein
Cysteine	1.0 – 2.0	% total aminoacid/protein
Glutamine + Glutamic Acid	22.0 – 26.0	% total aminoacid/protein
Glycine	3.0 – 5.0	% total aminoacid/protein
Histidine	2.0 – 3.0	% total aminoacid/protein
Isoleucine	3.0 – 4.0	% total aminoacid/protein
Leucine	7.0 – 8.0	% total aminoacid/protein
Lysine	4.0 – 5.0	% total aminoacid/protein
Methionine	1.0 – 2.0	% total aminoacid/protein
Proline	4.0 – 5.0	% total aminoacid/protein
Phenylalanine	4.0 – 5.0	% total aminoacid/protein
Serine	4.0 – 5.0	% total aminoacid/protein
Tyrosine	3.5 – 4.5	% total aminoacid/protein
Threonine	3.0 – 4.0	% total aminoacid/protein
Tryptophan	1.0 – 2.0	% total aminoacid/protein
Valine	4.0 – 5.0	% total aminoacid/protein

### INSTRUCTIONS FOR USE

This nutritional supplement is formulated to be sold according to the feeding program suggested by the acting professional, considering the species or category of animals and the type of feed for which the product is intended.

#### PACKAGING

This product is distributed in bulk or in 500/1000kg bigbags.

#### STORAGE CONDITIONS

This product must be kept dry.

#### USEFUL LIFE

12 months as from the production date.

 Certified by SENASA: 19-162/A
